## **Exploratory Packing List**

Our school year begins for each class with a Fall Exploratory Experience. These experiences are an integral part of the curriculum at Leelanau that exposes students to the incredible environment of northern Michigan. The experience for each class will be designed to introduce our Core Values and help students get to know one another as well as the adult community of Leelanau. Students will depart for these experiences the day after orientation. Please read the following packing lists carefully and prepare accordingly. We will not have an opportunity to go shopping before Exploratory begins.

The Freshmen and Sophomores will experience Exploratory at the Leelanau Outdoor Center. The first night will be spent in a cabin and the second night is a camping experience.

The Juniors will experience Exploratory at the Leelanau Outdoor Center and a local State Forest campground. They will spend both nights camping in tents.

**OUTERWEAR** 

☐ Comfortable shoes or hiking boots

The Seniors will take a ferry to South Manitou Island for their Exploratory and will spend three nights camping in tents. Seniors will have a second experience at the end of September for their Voyager trip.

## Freshmen and Sophomores Pack in a backpack

**BEDDING**
